

2018 Annual Report to The School Community

School Name: Park Orchards Primary School (4854)

Park Orchards
Primary School

- All teachers at the school meet the registration requirements of the Victorian Institute of Teaching (www.vit.vic.edu.au).
- The school meets prescribed minimum standards for registration as regulated by the Victorian Registration and Qualifications Authority (VRQA) in accordance with the Education and Training Reform (ETR) Act 2006. This includes schools granted an exemption by the VRQA until 31 December 2018 from the minimum standards for student enrolment numbers and/or curriculum framework for school language program.
- The school is compliant with the Child Safe Standards prescribed in Ministerial Order No. 870 – Child Safe Standards, Managing Risk of Child Abuse in School.

Attested on 30 April 2019 at 09:33 AM by Georgina Daniel
(Principal)

- All teachers employed or engaged by the school council meet the registration requirements of the Victorian Institute of Teaching.
- To the extent that the school council is responsible, the school meets prescribed minimum standards for registration as regulated by the Victorian Registration and Qualifications Authority (VRQA) in accordance with the Education and Training Reform (ETR) Act 2006. This includes schools granted an exemption by the VRQA until 31 December 2018 from the minimum standards for student enrolment numbers and/or curriculum framework for school language program.
- To the extent that the school council is responsible, the school is compliant with the Child Safe Standards prescribed in Ministerial Order No. 870 – Child Safe Standards, Managing Risk of Child Abuse in School.

Attested on 30 April 2019 at 12:28 PM by Penny Taylor (School
Council President)

About Our School

School context

Park Orchards Primary School was established in 1962 and is set in Melbourne's outer east in an environment surrounded by native vegetation and the remains of a pine plantation. The school is on the BARR (Bushfire at Risk Register). The school community has a high socio-economic profile and over the past four years, the population has become culturally more diverse with families coming from a variety of cultural backgrounds. Students also come to the school from beyond the local Park Orchards area. In 2018, the student population was 343 with fourteen classes and five specialist and support programs.

The School Council and Parents' Association assist with school operations and provide the basis for a strong community partnership. Parents and carers work in partnership with teachers and support staff to achieve school goals and improve the learning environment for all students.

In 2018 the Victorian Curriculum was referenced when developing all teaching and learning and covered the dimensions of English, Mathematics, Science, Geography, History, The Arts (Visual and Performing), LOTE (Mandarin and Italian) and Health and Physical Education. The teaching and learning programs of the school have a strong emphasis on developing each student's literacy and numeracy skills. The range of specialist and support programs provided enables all students to succeed; educationally and personally. The school has a shared belief that education is a partnership between all members of the community. Teachers, students and parents take responsibility for and work together to achieve the educational and personal development success of everyone.

The school values of Excellence, Respect, Responsibility and Integrity are integral to the school ethos and central to how all members of the community interact with each other. A number of specialist programs, support Student Wellbeing including a school-wide Tribes approach.

The school has excellent facilities including a basketball stadium, a large performing and visual arts centre, science room and refurbished classrooms. It is set in a unique and beautiful physical environment with extensive play areas, native gardens, thriving vegetable garden and hen house, which support active and imaginative play. In 2018, a new junior playground area was constructed and the lower oval was resurfaced with natural grass and an irrigation system was put in. The school is very well resourced and all classrooms have access to laptops, iPads and interactive TVs. The school is a Science Specialist school and has a strong focus on inquiry learning and sustainability. In 2018 the classroom teachers began implementing a digital technology program where students were introduced to the basics of coding and robots. In 2018, the school had 22.2 equivalent full-time staff, 2 principal class, 16.8 teachers and 3.4 support staff.

The school provides its students with a nurturing, high quality-learning environment within excellent facilities. The school motto; "The Future Starts Here", encapsulates the ethos and direction of Park Orchards Primary School.

Framework for Improving Student Outcomes (FISO)

In 2018, the improvement priorities were excellence in teaching and learning and positive climate for learning, and the initiatives were building practice excellence and empowering students and building school pride. Key improvement strategies implemented to build practice excellence across the school to maximise the learning growth for every student included:

1. Refine and embed the agreed reading and writing instructional model across the school
2. Build teacher capacity to effectively assess and use evidence to teach students reading and writing at their point of need

Key improvement strategies implemented to empower students included:

1. Build the capacity of teachers to enhance active student engagement in their learning

Achievement

Park Orchards Primary School is committed to continuous improvement and dedicated to ensuring that all students achieve at the highest level. We are proud of our high academic results in Numeracy and Literacy and our focus on meeting the educational needs of each student.

The Victorian Curriculum data was excellent with ninety-seven percent of students performing at or above the expected level for English and Mathematics. Year 3 and 5 NAPLAN results demonstrate that our students continue to perform well above the state median and at an equal level when compared with similar schools for English and Mathematics. The Year 5 NAPLAN growth results indicated that there was reduced low growth and increased high growth in the areas of Reading, Writing, Spelling and Grammar and Punctuation. Year 5 NAPLAN Numeracy growth results indicate an increase in low and decrease in high growth.

Actions for 2019 include:

- Continue using the Victorian Teaching and Learning Model to embed the agreed writing and numeracy instructional model
- Continue strengthening the Peer Observation and Walk Through program
- Continue working as effective teams utilising a Professional Learning Community approach
- Continue developing collective ownership of whole school data through collaborative planning and assessment practices
- Continue developing teacher capacity to analyse and use student data to plan for effective learning and teaching in writing and numeracy

Engagement

Park Orchards Primary School's attendance levels remain high with a range of attendance between ninety-three and ninety-five percent which is below the state median and similar in the school comparison measure. The most common reasons for absences are illness and family holidays. The school continually promotes and values regular attendance.

The 2018 Year 4-6 Student Attitude to School Survey data indicates a significant increase in student sense of connectedness to our school and is similar in the school comparison measure. Parent survey data indicates that eighty-three percent of parents surveyed endorse our school. Staff survey data demonstrates that the school climate measure is a similar result to the state median. The introduction of a whole school digital technology program which focused on coding and robotics was successful and engaging for all students and teachers. Online learning programs available at home and school and the BYO iPad (Y2-6) program have also been successful in engaging students in their learning.

Actions for 2019 include:

- Continue developing teacher capacity to provide regular feedback to students on their progress against individual learning goals and curriculum
- Continue building teacher capacity to co-design aspiration goals with students
- Continue building teacher capacity to assist students to monitor and evaluate their progress and achievement

Wellbeing

Students at Park Orchards have the opportunity to learn and play in a safe, nurturing and inclusive environment. They are encouraged to develop a strong sense of self and community. The 2018 Year 4-6 Student Attitude to School Survey data indicates a significant increase in student sense of connectedness to our school and is similar in the school comparison measure. The percentage of student endorsement of the management of bullying has increased and is similar to comparable schools.

The school has zero tolerance for any form of bullying and uses a restorative practice model to solve differences of opinion, and behaviour, which do not reflect school expectations and values. The school has a range of

student wellbeing and leadership programs including Community Circles, Peer Support, SRC, Active Travel, Clubs and Sustainability that have enabled high levels of student involvement and voice across the school. The year six students commit to and take great pride in their specific leadership roles. The school uses a Tribes Community Learning approach in their classrooms and has been highly successful in enhancing the inclusive and nurturing environment of the school.

Actions for 2019 include:

- Embedding the Tribes Community Learning approach
- Using restorative practices approach to managing bullying at school
- Introducing the Zones of Regulation to foster self-regulation and emotional control

Financial performance and position

In 2018, the school funded a rich specialist program of LOTE (Mandarin and After School Italian), Visual and Performing Arts, Science, Physical Education Junior and Senior Literacy Support and class programs of literacy, numeracy and humanities. Extensive professional learning was provided to teachers with a focus on differentiated Literacy and Numeracy teaching and data analysis. The school has sound financial management processes in place to monitor and maximize school funds and parents support the school programs with fundraising. Surplus funds are all committed for future expenditure. Equity funding was used to fund the delivery of a spelling program for senior students with extra literacy needs. The strategic use of available financial resources is necessary to continue to enable the school to sustain and improve the extensive classroom and specialist curriculum and high standard of teaching and leadership provided at Park Orchards Primary School.

For more detailed information regarding our school please visit our website at
www.pops.vic.gov.au

Performance Summary

The Government School Performance Summary provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian Government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes.

Members of the community can contact the school for an accessible version of these data tables if required.

Key: Range of results for the middle 60% of Victorian Government Primary Schools:  Results for this school:  Median of all Victorian Government Primary Schools: 

School Profile

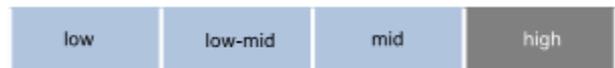

Enrolment Profile

A total of 343 students were enrolled at this school in 2018, 155 female and 188 male.

9 percent were EAL (English as an Additional Language) students and ND ATSI (Aboriginal and Torres Strait Islander) students.

Overall Socio-Economic Profile

Based on the school's Student Family Occupation and Education index which takes into account parents' occupations and education.

Parent Satisfaction Summary

Measures the percent endorsement by parents on their school satisfaction level, as reported in the annual *Parent Opinion Survey*. The percent endorsement indicates the percent of positive responses (agree or strongly agree).

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

School Staff Survey

Measures the percent endorsement by staff on School Climate, as reported in the annual *School Staff Survey*. The percent endorsement indicates the percent of positive responses (agree or strongly agree).

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

- (1) The Equity funding reported above is a subset of overall revenue reported by the school
(2) Student Resource Package Expenditure figures are as of 15 March 2019 and are subject to change during the reconciliation process.
(3) Misc Expenses may include bank charges, health and personal development, administration charges, camp/excursion costs and taxation charges.
(4) Salaries and Allowances refers to school-level payroll.

All funds received from the Department, or raised by the school, have been expended, or committed to subsequent years, to support the achievement of educational outcomes and other operational needs of the school, consistent with Department policies, School Council approvals and the intent/purposes for which funding was provided or raised.

How to read the Annual Report

What does the *About Our School* section refer to?

The About Our School page provides a brief background on the school, an outline of the school's performance over the year and plans for the future.

The 'School Context' describes the school's vision, values and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics and special programs.

The 'Framework for Improving Student Outcomes (FISO)' section includes the improvement initiatives the school has selected and the progress they have made towards achieving them.

What does the *Performance Summary* section of this report refer to?

The Performance Summary reports on data in three key areas:

Achievement

- student achievements in:
 - English and Mathematics for National Literacy and Numeracy tests (NAPLAN)
 - English and Mathematics for teacher judgements against the curriculum
 - all subjects for Victorian Certificate of Education (VCE) examinations (secondary schools)

Engagement

- student attendance and engagement at school
- how many students leaving school go on to further studies or full-time work (secondary, P-12 and specialist schools)

Wellbeing

- Attitudes to School Survey (ATOSS)
- Sense of connectedness
- Management of Bullying

Results are displayed for the latest year, as well as the average of the last four years (where available).

What does *School Comparison* refer to?

The School Comparison is a way of comparing this school's performance to similar schools in Victoria.

The comparison measure takes into account the school's academic intake, the socio-economic background of students, the number of Aboriginal students, the number of non-English speaking and refugee students, the number of students with a disability and the size and location of the school.

The School Comparison shows that most schools are achieving results that are 'Similar' to other schools with alike student backgrounds and characteristics. Some schools are doing exceptionally well and have 'Higher' performance. Some schools have 'Lower' performance than expected and receive targeted support to ensure that there is improvement.

More information on School Comparison performance measures can be found at: <http://www.education.vic.gov.au/school/parents/involve/Pages/performance.aspx>

What does 'Data not available' or 'ND' mean?

Some schools have too few students enrolled to provide data. There may be no students enrolled in some year levels so school comparisons are not possible.

New schools have only the latest year of data and no comparative data from previous years.

The Department also recognises unique circumstances in Specialist, Select Entry, English Language and Community Schools where school-to-school comparisons are not appropriate.

What is the *Victorian Curriculum*?

The Victorian Curriculum F–10 sets out what every student should learn during their first 11 years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with a disability or students who may have additional learning needs.

'Levels A to D' are not associated with any set age or year level that links chronological age to cognitive progress (i.e. there is no age expected standard of achievement for 'Levels A to D').
