

SCHOOL AT HOME

The four ladies of Park Orchards Primary School

Foster chook school at home

Term 2, 2020

By Jacqui Raymond
with Steve and Ruby too

17.5.20.

Dear Mrs Natsis and Students
at Park Orchards Primary School,

We hope you are safe and well.
It feels like a long time since the
start of term two!

The four Ladies, the four younger chickens
are well. They have been enjoying their
school at home too. They settled in
very well at our home. The four ladies
made several dust baths, setup home
in the ferns in old Joe's creek and
love to drink from our waterfall when
it's flowing. Our dog Ruby has become
good friends with them too. Ruby
now thinks she's a chicken and one
of their flock too.

We wish you all a safe and happy
time as you start to return to
school. The chickens will join you
soon too. Best wishes,

Jacqui and Steve, and Ruby too.
Raymond.

STAY SAFE, STAY HOME

CORONA VIRUS PRECAUTIONS

The chickens have stayed home this term. Mrs Natsis helped us foster 'Four Ladies' the four younger chickens from school.

We enjoyed creating a happy home for contented chooks.

SETTING UP HOME TOGETHER

How did you set up school at home?

We helped each other find
a new way of doing things

Can you find the ladies?

The ladies laid two eggs on the first day in their new home. The next day we found one very large egg. It had two yolks inside. I wonder how a double yolk egg happens? We would love to know, you can tell us?

Our dog Ruby was thrilled to have foster friends.

Ruby was gentle and patient
making new friends.

We think she also liked
watching 'live chook TV' at
home.

The ladies liked exploring new things outside. What do you like doing outside?

The ladies made a dust bath under the cubby house. Ruby was very interested. Ruby has a bath in water. She wondered 'Why do chooks have a bath in dust?' How about you, what do you think?

The four ladies and Ruby became good friends. They decided to go on adventures together.

Ruby showed the ladies how to climb and drink from the waterfall.

The ladies showed Ruby how to climb and do 'all you can eat' dinner in the compost.

Next they discovered how to have adventures gardening.

It's amazing how many bugs you can find when you're gardening.

Everyone was having fun.

One lady soon discovered she could slide down the steps like a giant slippery slide.

At the end of a big day it's time to go home. Home to the chook house. But these ladies thought they might go inside with Steve!

Ruby and Steve helped the four ladies find the way home to the chook house. The ladies liked eating grass on the way home.

Now Ruby was such good friends she was part of the flock. Ruby joined the ladies for dinner in the chook house. Carrots just happen to be her favourite food. Adventures with friends are fun. How wonderful to have foster friends!

Thank you ladies for sharing 'school at home' with us. We loved having four foster friends. We hope you enjoy going back to school at Park Orchards Primary and being with your students again.

Sending love and well wishes
from

Jacqui Raymond
Steve Raymond

And especially Ruby dog too.
